

# PRO10<sup>TM</sup> UPGRADE

*"Building the best, servicing the rest"<sup>TM</sup>*

## DESIGN FEATURES & BENEFITS

- 0.7mm thickness - reduced bending and increased durability
- Bright annealed finish - allows for better evaluation of CIP response
- Improved inlet design - ideal for viscous products
- Enlarged hanger - allows plates to slide smoothly during installation or inspection
- Snap-in Gasket - provides secure gasket attachment

## AGC ADVANTAGES

- Pro10 has existing AGC ProFlow design features & improved thermal performance
- For new AGC frames and upgrade for Clip10, Front10 and C10 frames without piping changes
- Plates packed in order per streaming diagram
- In stock and ready to ship - minimal lead time
- Onsite installation service available

# PRO10™

AGC Pro10™  
enlarged hanger  
design

Old style hanger  
offers little clearance
